

# Get yourself ready!

What's going to make your senior year memorable?

Let's make a plan, then, maybe deviate from it!

- 1 **Decide on locations**, or the studio, or both!( We know places, give us a call)
2. **Hair and make-up!** (haircuts are best when done a few days in advance) Guys: if you want to appear clean shaven, shave just before your session, not then night before (it has happened). Girls, apply make-up with care, it's great, but don't overdo it.
3. **Wardrobe:** Pick your favorite stuff! Pick contrasting outfits, dressy and casual, a theme (music, theatre, sports, automotive, animals... ) long-sleeve vs. short sleeve, etc. Make sure your clothes are in good condition and fit well. Avoid busy patterns, prints and horizontal stripes that distract from YOU  
Think about doing a "thrift store fashion" post, just for fun.
4. **Bring props:** car, guitar, (we've had a whole drum kit!) skate board, art work, pet, skis, something representative of your high school career
5. **Tell the photographer** what you're thinking about so that we can plan. Think about the aspects of you that you're proud of (hair, height, etc) and things you'd like us to avoid, like braces, scars, etc.
6. **Bring your** comb, brush, lint roller, etc,
7. **Bring a support person**, friend, sibling or parent
